Reading Together

Reading is fundamental to function in today's society. it is important because it develops the mind. teaching young children to read, helps them develop their language skills. it also helps them to learn to listen.

books, magazines and even the internet are great learning tools which require the ability to read and understand what is read.

on friday, the 26th of november2010,we celebrated the pleasure of reading, under the banner "**one nation reading together**",an annual event conducted by scholastic.

the children read the pledge and enjoyed the activity with pleasure.

the children also madebookmarks and smileys, having thoughts written on them.

it was a wonderful experiance to both the children as well as the teachers.
